

ASPIRE TECHNOLOGY

ISO 9001: 2015 Certified Training Institute

SAP PP

Duration: 60 hours

Batches: Weekdays/ Weeken

Master Data

- Material Master
- Bills Of Material
- Work Center
- Routing
- Production Resource Tools
- Engineering Change Master

Capacity Planning

- Available Capacity
- Evaluation
- Overloading / Under Utilization
- Leveling of Capacity

Sales & Operations Planning

- Product Group
- Planning
- Aggregation / disaggregation
- Events
- Plant Distribution

Repetitive Manufacturing

- RS Header
- RS Quantity
- Back Flush
- Evaluation
- WIP, Variances, Settlement

Demand Management

- Material Forecast, Parameters
- Independents
- Requirements/Customer
- Requirements
- Master Production Scheduling
- Long Term Planning

Production Control

- Types of Order
- Confirmation
- WIP, Variances, Settlement
MI01/04/20

Material Requirement Planning

- MRP Parameters
- Conversion to Planned Orders
- Evaluation
- Single/Multiple Item/Multiple Level
Planning

KANBAAN

- Control Cycle PK01
- Trigger Mechanism / KANBAAN
Board PK13n/12/10
- Back Flush PK41

Product Cost Planning

- Cost Structure
- Costing Run & How to Handle Errors

Special Topics

- Serialization
- Characteristics & Class
- Logistics Information System
- Configuration

Aspire Technology
